RESOLUTION AMENDING THE FISCAL YEAR 2003 FUNDED FULL-TIME EQUIVALENT POSITIONS RESOLUTION

WHEREAS, the McLean County Board adopted a Funded Full-Time Equivalent Positions (FTE) Resolution on November 19, 2002, which became effective on January 1, 2003; and,

WHEREAS, the McLean County Highway Department has recommended that the McLean County Geographic Information System (GIS) Program Grant include a GIS Specialist, at Grade 11, in order to further develop this program for McLean Counties specialized departments; and,

WHEREAS, the County Board of McLean County, Illinois, at its meeting on April 15, 2003, approved the GIS Grant contract with IDOT that includes the GIS Specialist; and,

WHEREAS, IDOT has signed said contract; and, therefore,

BE IT RESOLVED, by the County Board of McLean County, Illinois, now in regular session, that the 2003 Funded Full-Time Equivalent Positions Resolution be and hereby is amended as follows:

Re: Minimum Pricing for Auction Sales

Honorable Treasurer McNeil:

For several years, the auction sale process has used a minimum bid of \$350.00. We feel this minimum bid amount should now be increased. Operating expenses such as postage, publication, supplies, fees, and employee costs have dramatically escalated for all. Parcels selling for \$350.00 often do not generate sufficient funds to fully cover county and agent expenses.

We propose to increase the minimum auction sale bid from \$350.00 to \$450.00. This will produce an additional \$50.00 per item for both the county and our firm. It is our opinion that a minimum bid of \$450.00 will not affect sales. A prospective purchaser will as readily pay \$450.00 as \$350.00 if they wish to purchase an item. This change incurs no additional county costs and will increase county revenue.

Enclosed is a resolution and addendum to our "Service Agreement". Please present these documents to the County Board at their next available meeting. Upon passage, we can increase the minimum bid amount to \$450,00 and hopefully generate additional funds.

To complete processing, please return to our office one signed copy of the resolution and two signed copies of the addendum. We hope to have this change in effect before printing this year's auction sale catalog. If you have any questions, please contact me at (800) 248-2850.

Sincerely yours,

Jack Butler

Budget Narrative Grant Fund 0106 HealthWorks

The HealthWorks program commenced in 1995 for the purpose of developing a health care network and providing medical oversight for DCFS wards. The program was initiated through a cooperative agreement between the Illinois Department of Children and Family Services (DCFS) and the Illinois Department of Human Services (DHS). At its inception, the program was staffed by a 1.0 FTE registered nurse coordinator and a 1.0 FTE office support specialist. The original award for the program was \$73,200. The amount of funding for the program has not increased for 8 years.

As a result of the revenue stagnation, the 1.0 FTE office support position was decreased over the years to a .7 FTE, thus placing a strain on the program's operation. Further, during the course of the program, in addition to the information on the provision of initial and comprehensive examinations, DCFS required increased levels of data from DHS on health status of its wards – including immunizations, periodic physical examinations, and other evidence of ongoing medical services. Also, lag times between the time children were placed into protective custody and the assignment of a DCFS caseworker to a child began to increase, placing the HealthWorks program in a position of providing more support and medical information to foster parents and child welfare agencies regarding wards over the age of 6. Another phenomenon of note within the DeWitt, Livingston, and McLean counties HealthWorks region is that the frequency of placements is high; particularly for children placed from outside of the area. As a result, the HealthWorks program is constantly placed in a position of acquiring records for transfer from health care providers outside of the region. This is often time consuming and requires multiple attempts.

The proposal calls for utilizing Federal Financial Participation funds (FFP) generated through overhead allocation within grant fund 0106 to defray the cost of a .53 FTE grade 8 case manager to assist in providing direct support to substitute care providers as needed, work with health care providers to acquire medical information, assist in the provision of quality assurance of data derived through the Cornerstone computer system, and work with medical case management programs within the three county area. The change will allow the program to have a .7 FTE office support specialist and a .53 FTE case manager to support the coordinator, thus increasing the staffing compliment by .2 FTE's from its original design.
